To Whom It May Concern:

This letter is for the attention of anyone who needs carpets cleaned in either a commercial or residential setting.

We had Tom McClerren and Linda Metzger clean the carpets in our office and in our home. We were extremely satisfied with the quality, efficiency, and timeliness of the work they did for us. I would be happy to refer them to anyone needing their services. In my opinion, they are folks with great integrity and they do first class work.

Sincerely,
Rod Pierson, D.V.M.
