To Whom It May Concern,

I am very pleased to provide a testimonial letter for Tom McClerren and Linda Metzger for their professionalism in the way they handle their business.

The first time I contracted with them, they arrived at the appointment on time, gave me a fair estimate and returned quickly to get the job done. Recently, I had to make an emergency call to Tom for carpet cleaning. His crew arrived the very next day, worked efficiently and provided excellent results. My household rugs have never looked better.

Without hesitation, I can recommend Tom McClerren and his crew to anyone that expects a job well done at an affordable price.

Sincerely,

A handwritten signature in cursive script that reads "Robin".
